

QwickPAY App in Demo Mode

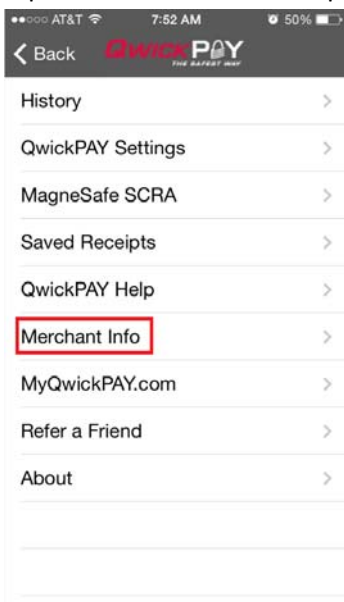

NOTE: Make sure you know or have the QwickPAY Credentials before you attempt to get in and out of Demo Modes because the Live QwickPAY Credentials are **NOT** saved. DEMO MODES are used for testing and training purposes without any card transactions being processed. Transactions conducted in DEMO MODE are not processed and cannot be recuperated to be processed at a later time in LIVE MODE.

Setup in DEMO MODE

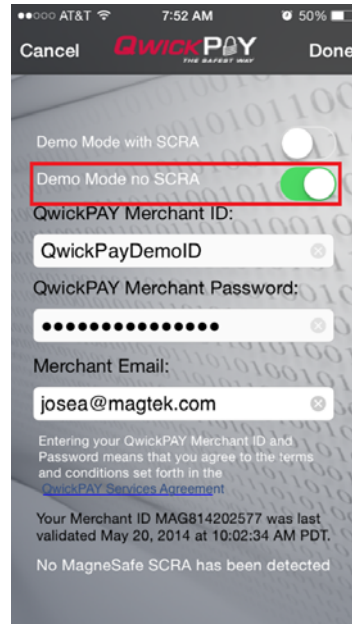

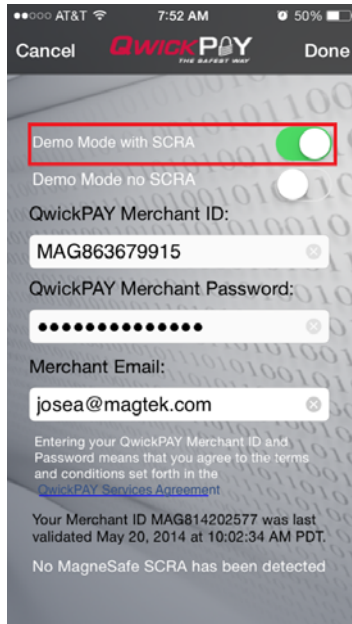

1. Launch the QwickPAY App and then tap the Menu button on the top right hand corner.

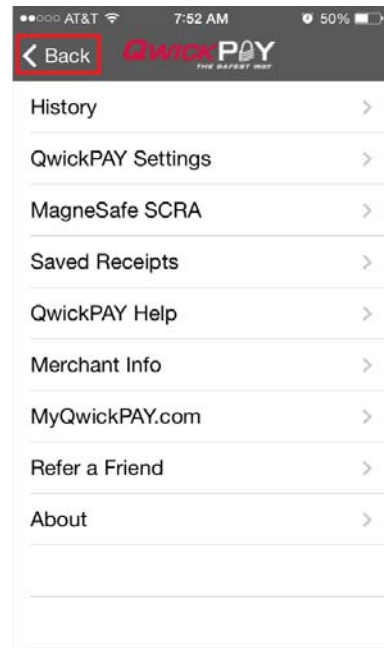

2. Tap on the Merchant Info option.

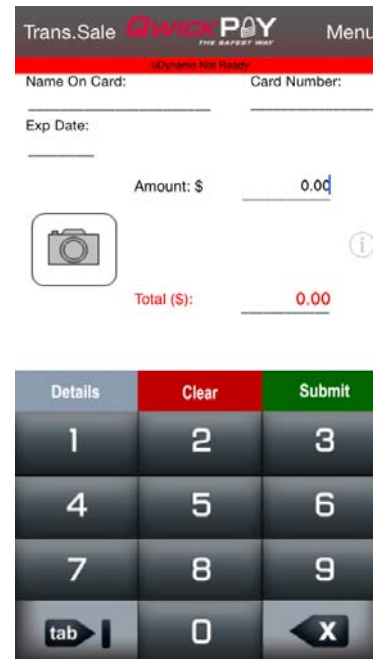

- Here you can choose between Demo Mode with SCRA (MagTek Reader) **or** Demo Mode without SCRA. The only difference is if you want to conduct tests with or without the MagTek reader. Once you have selection which option, tap the Done button on the top right hand corner of the screen to save this setting.

- Tap the Back button (A) to take you back to the main QwickPAY Screen (B).

A.

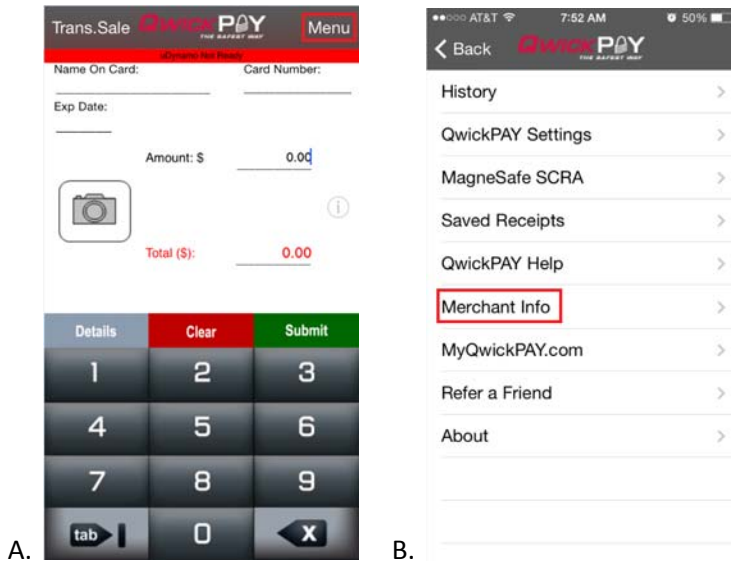

B.

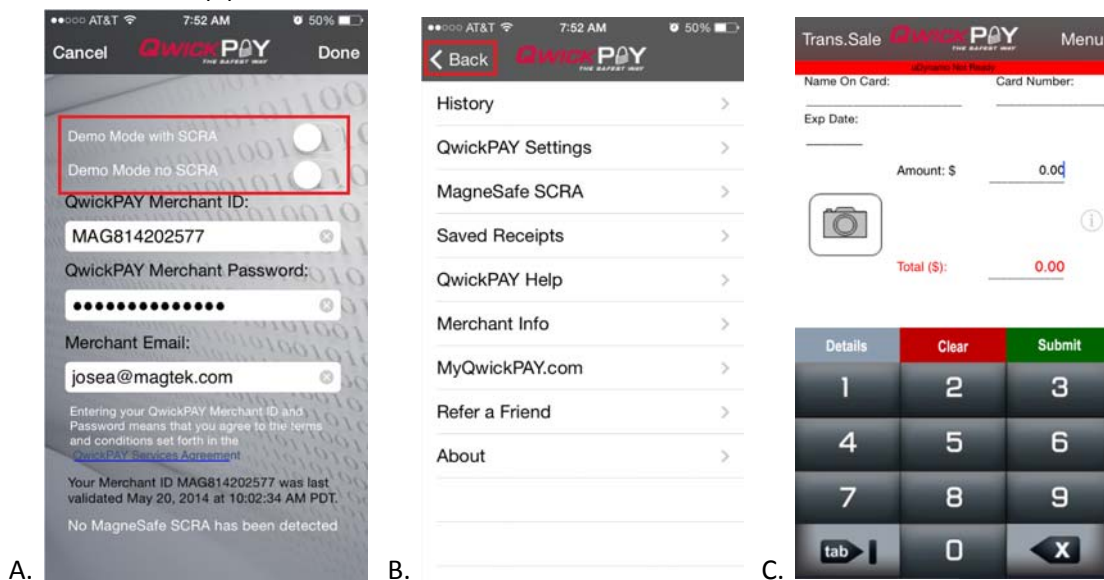

- You are now ready to start Testing or Training with the QwickPAY POS System in **DEMO MODE**.

Get Out of DEMO MODE

1. Launch the QwickPAY App and then tap the Menu button on the top right hand corner (A). Next tap on the Merchant Info option (B).

2. Make sure to turn **Off** or **Uncheck** the Demo Mode options. As soon as you do this, all three fields will be empty. Start entering the QwickPAY Credentials for your QwickPAY Account and then tap the Done button on the top right hand corner of the screen (A). Once your QwickPAY Credentials are validated, it will then take you back to the Menu Screen as illustrated on the picture below (B). Then tap the Back button (B) to take you back to the main QwickPAY Screen (C).

3. You are now in **LIVE MODE** and ready to start processing Credit Card Transactions through the QwickPAY POS System.
